Here are some Frequently Asked Questions from volunteers about the DC Volunteer Snow Program:

1. What is the DC Volunteer Snow Program?

This FREE service matches seniors and those with access and functional needs with volunteers in their community to shovel their walkways after a snow event. There is no cost to residents; people are volunteering their time to help seniors and residents with access and functional needs in their community.

DC Volunteer Snow Team Frequently Asked Questions

2. Who is eligible for the program?

Qualified residents who meet these criteria:

- They live in their own single-family homes (single family homes only, no apartment buildings – please contact your property manager about snow removal).
- They are 60 years old or older and/or living with access and functional needs.

3. How are residents being notified if they are enrolled in the program?

Residents who were enrolled for the current/previous year are automatically enrolled for the next. For enrollment verification, contact Serve DC at 202-727-7925 or servedc.info@dc.gov.

4. Do I have to register for the DC Snow Volunteer Program each winter?

No, requester and volunteer lists are rolled over each year, and new participants can be added each year by contacting Serve DC at 202-727-7925. As this is a 100% volunteer effort, we can accommodate Snow Requesters only as we are able to recruit volunteers to assist them. **Volunteers can register online at snowteam.dc.gov.**

5. How long do I have to clear the snow from a resident's sidewalk?

The District requires snow be removed from sidewalks within the first 8 hours of daylight after a snow event. As a DC Volunteer Snow Team member, you will arrive to assist within 24 hours of the end the snow event; so, within 24 hours after the last snowflake falls, a member of the DC Volunteer Snow Team will go to the resident's home.

6. What will I do when I arrive at the Snow Requester's home?

Please go to the door, identify yourself as part of the DC Volunteer Snow Team, and inform the resident know that you will shovel their walkway. You should ask to confirm contact information (name, phone number, email, etc.) to keep in touch with you throughout the snow season and confirm if/when you are able to come shovel your requester's walkway. If the resident is not home, please proceed with shoveling.

DC Volunteer Snow Team Frequently Asked Questions

7. How much should I shovel?

DC Volunteer Snow Team members will shovel a path from the front door to the public sidewalk, and the public sidewalk that is immediately in front of the home. Please inquire, first, about whether or not there is an access ramp for a wheel chair, as the access ramp will be the entrance that gets shoveled.

8. Can a resident offer me anything in return (hot cocoa, money, beverages, etc.)?

No. Although the volunteers greatly appreciate the offer, we are not allowed to enter the resident's home and/or collect payment in any form for shoveling their walkway. This is voluntary, and we are happy to serve them and DC.

9. What if we don't arrive within 24-36 hours who should the resident call?

Please contact your Snow Removal Requester directly to provide him/her with an update of your arrival.

10. What if the resident doesn't need anyone to shovel their walkway as a family member, neighbor, or someone else helped.

We ask the resident to call his/her volunteer directly to confirm that he/she does not need assistance from a volunteer for this snow event; however, the resident may require assistance in the future.

For more information, visit snowteam.dc.gov or call 202-727-7925 and say that you are a member of the "DC Volunteer Snow Team"; we would be happy to help you. Thank you for volunteering and helping to create a safer, stronger DC.
