# America's PreparAthon! Day 2018

According to a recent FEMA survey, **46 percent** of individuals expect to rely a great deal on people in their neighborhood for assistance within the first 72 hours after a disaster. When the whole community comes together to respond to and help recover from these emergencies - neighbor helping neighbor - we can often meet the needs of everyone.

As a proud participant in **America's PrepareAthon!**, we want to share important information that will help you and your family be better prepared in case of a disaster and how you can help your community. **America's PrepareAthon!** is a grassroots campaign for action to increase individual and community preparedness and resilience.

### Participants will:

- Participate in community resilience planning;
- Understand engagement and coordination of District agencies, volunteers, and donations management prior to and during emergencies;
- Identify the fundamentals of volunteer management in disaster response setting;
- Understand the various roles involved in staffing a Volunteer Reception Center; and
- Receive Community/Training Service Hours
